ABOUT ME

Hii! I am shaikh Mohammad Ali, I'm a web developer living in Odisha, India. I create beautiful, responsive, and functional websites. The primary area of my interest is the front-end. My passion for code has always been there. I have a diverse set of skills, when not in computer coding, I'm a game addict. I have qualified for many tests in coding language on many websites.

WORK EXPERIENCE

MY PERSONAL PORTFOLIO
The website you look at is an inspired work by me from DEJAN WORKS. I made it from HTML, CSS, JAVASCRIPT. It is a beautiful website with mobile-friendly. The words seem to be less to praise it.
